Vancouver School of Theology at a Distance in Real Time: Skype

VST is introducing live alternatives to traditional online and classroom based learning. We know we have many interested and dedicated students who may find it difficult to be on campus. VST knows that much of the active learning environment can be lost in anonymous discussion forums. In response, we will be offering many classes via Skype (a free, online, web-chat service). This will allow students not resident in Metro Vancouver the opportunity to participate in classes in real time with other students you can see and interact with. All Skype class times are synchronous with the actual on campus classes. For more information please contact the Admissions Office at possibilities@vst.edu.

Space is limited!

PWRDF is responding to the recent floods in Pakistan.

We have released an initial rapid response grant of
\$15,000 to support the work of ACT Alliance member
Christian World Service Pakistan/Afghanistan. CWS is
responding to the situation and has issued a primary
appeal of 1.5 million USD.

PWRDF is also responding to the situation through the
Canadian Foodgrains Bank by providing 1,000 food kits
to the flood affected communities in Pakistan. This
project is also part of the ACT appeal implemented by
the Christian World Service Pakistan/Afghanistan.

The need is great for the people of Pakistan. Your
donation can help save lives. Thank you for considering
giving to this appeal.
